

REGISTRATION GUIDELINES AND RULES

Registration forms need to be completed, signed and handed in to the Secretary with the required R400 registration fee or proof of payment thereof by the 1st of February 2020.

1. From the 1st of February, if you are not registered to play and your registration fee hasn't been paid, you will not be allowed to get on the ice. If you have registered but haven't paid the fee, you will also not be allowed onto the ice.
2. NOTE: Players in arrears with their fees from previous years will not be allowed to register for 2020.
3. Registration forms need to be completed in full please – particularly jersey number / height and weight / right handed or left handed / team played for (Penguin/Storm) / current age.
4. No registrations will be accepted unless all information is filled out and most importantly the Acknowledgement of Debt form has to be completed in full and signed by the person responsible for paying the account.
5. Once your registration form has been accepted by WPIHA (you will be emailed acceptance), you are automatically agreeing to pay your fees in full from the 1st of February 2020.
6. If you register in the middle of a month, your registration will be back dated to the beginning of that month and your fees pro-rated accordingly.
7. If you have fees outstanding for 3 months during 2020, you will not be allowed to get on the ice until the arrears has been paid in full.
8. If you stop playing, a month's notice in writing needs to be sent to both the Secretary and Treasurer. If no notice is given, your fees will accrue and you will be liable to pay whether you are playing or not.
9. In case of injury – if you have been booked off all sport for a month or longer, please give a copy of your doctor's certificate to both the Secretary and Treasurer. It will be decided whether you will be given a fee grace period while you are off the ice.
